An Evergreen Booster!

Westside Evergreen, November 8- Wanted: everyone who reads this paper to know that there are two churches at Evergreen, that there is preaching service at one or the other of these churches 4 Sunday's each month; that there are young people's unions at each church every Sunday night; that there is a prayer meeting every Wednesday night; that the attendance at these mid-week services is increasing. Also remember that there is an organization known as the Evergreen community league which is supposed to meet at the local school at stated intervals and that if every patron of the Evergreen school will cooperate it will be only a short time until the children of our school can be served a hot lunch. All that Evergreen needs is "boosters" — more boosters.

Women: "Build-Up" To Relieve Pain
A weak, run-down, undernourished condition calls for attention!
Such a condition often enables *functional dysmenorrhea* to get its foothold. That's one thing which leads to much of women's suffering from headaches, nervousness, those cramp-like pains. A good way to relieve such pains, women by thousands have found, is by the proper use of CARDUI. It stimulates a lagging appetite, assists digestion and assimilation; thus helps build physical resistance to periodic pain. Taken just before and during "the time," many women also report that CARDUI helps to ease the pain and discomfort of the period.

FATHER DARKLEAF'S COLUMN

by c. h. r.

Sunday morning Elmo Banton captured a big hawk in a trap he had been setting for that purpose. However, some thief had visited the trap ahead of him and when he arrived only the bones of the hawk were left. Some thief had evidently had a big meal. So, on Tuesday morning when Banton visited the trap, he captured what he thought was the thief... no other than a big OWL, measuring 55 inches from tip to tip. And then on Wednesday morning, when he went to the trap, he found another hawk...and the same way! Rushing business!

The town fire alarm went off this morning. I was putting the paper to bed at the time, so sent Mother Brightleaf to chase the fire engine. She was back in five minutes. There had been an alarm from the residence of Mrs. Lily Gregory, but the damage was over before she arrived.

Several places along Main Street improved their fronts this week with a fresh coating of paint.

A Negro preacher walked into the office of a newspaper editor and said: "Mistar Editor, dey is forty-three in my congregation which subscribes fo' yo' paper. Do that entitle me to hab a church notice in yo' next issue?" "Sit down and write it out," invited the editor. And he did. He notice the parson wrote: "Mount Memorial Baptist Church. Rev. Dr. John Walker, Pastor. Preaching morning and evening in the pcmsulgation of the Gospil. Books is necessary, the Bible, the hymn-book and the pocket book. Come and bring all three!" (From Russell County, Ky., Banner.)

Many years ago a lady in New York got tired of having her birthday come on Christmas day, because she got only one set of presents for the year around. So a friend donated and formally deeded to her his rights in his own November birthday, and henceforth she observed that for her own birthday. The friend who made the donation was Robert Louis Stevenson, and the matter is reportedly up in a recent issue of The New Yorker. It may be an idea for me, for Father Darkleaf observes his birthday on December 1st!

And the local girls' basketball team deserves a hand, too. They are shaping for the season, and are slated to meet the strong Concord team here tomorrow.

FLAVOR OF THE SHENANDOAH

Way up in the air, handpicking Virginia apples in an orchard near Winchester, are these two Frederick County girls, the Misses Jonedith Henry and Kitty Baker, who recommend Virginia apples for red cheeks and delicious coloring. They are going their bit toward marketing in Virginia a part of the 2,000,000 bushels of apples destined for export that must be disposed of in Virginia this year, due to war conditions abroad. Governor Price has declared November 20 to 25 as Virginia Apple Week, to aid growers in creating a local market.

Mrs. J. C. Caldwell Heads Appomattox Gardem Club

The Appomattox Garden Club met in the home of Mrs. M.A. MacLean Friday afternoon. Mrs. MacLean, Mrs. D. A. Christian and Mrs. Wiley Morris were joint hostesses. The house was beautifully decorated with roses, snapdragons, chrysanthemums, and running vines.

Mrs. W. B. Caldwell had charge of the program, which consisted of summer evergreens and a musical contest. Mrs. S. M. Thornton presided in the absence of the president, Mrs. George Abbitt. The hostesses served delicious refreshments.

Mrs. C. Caldwell was elected president of the Garden Club for the incoming year.

Red Cross Appeal

With Europe at war, the American Red Cross is confronted with tremendously increased responsibilities, and this year is redoubling its appeal to the American people for support in the battle against human suffering.

During the past year we have been drawn closer to the Red Cross by the terrible flood disaster relief, its aid to the innocent non-combatants of war, as well as through its daily services designed to stamp out misery in the form of disease and to help represent threat of accidental death.

These of us who have seen the Red Cross grow in recent years and realize the great demands the European situation places on it, can understand the need for a great membership increase. The natural phenomena of disaster and the dangers of a mechanized age continue to be the source of suffering and accidental death. We must recognize that the ability of this great organization to serve is directly proportionate to the membership supports of the public.

This years appeal of the Red Cross for your support will be made November 11-30. Our community has decided to respond to the Red Cross call for assistance; and for this reason, I feel confident that we shall be proud to enroll our share of the million more members. Membership range from $1.00 to $50.00. If each of us will give all we can our county chapter can render the Red Cross service our county needs for our needy, our sick and helpless. The chapter has no income except what we give. Our chapter officers give of their time and money 365 days of the year. Can't we give our money?

Rev. Burnette Resigns Local Pastorate

It was learned here today that the Rev. O. G Burnette, for eight years pastor of the New Hope field of Baptist churches, has submitted his resignation to the field pulpit committee.

Rev. Burnette, one of the most popular pastors ever to serve in this section, has accepted a call to become pastor of the Nacille field, of Velens, in Halifax county. His resignation was offered to the local field last Sunday, to become effective February 1st. The field pulpit committee will meet this Sunday to act on the resignation.

Since succeeding his father on the New Hope field, Rev. Burnette has been most energetic in work for the Kingdom. He has been, widely in demand as an evangelist, and under his pastorate, the New Hope and Liberty Chapel churches have added modern Sunday School rooms.

65 Year Old Workers May Soon Get Old-Age Insurance

Shortly before Christmas, 2,612 men and women in Virginia are going to be notified that they may be entitled to monthly old-age insurance checks for the rest of their lives, James W. Dinwiddie, manager of the Social Security Board field office at Lynchburg, Virginia, announced today. Approximately 400 of this number live in the eleven counties serviced by the Lynchburg office, he said.

Mr. Dinwiddie explained that this notice will be sent to those to whom lump-sum benefits have been paid since the Federal old-age insurance system was established January 1, 1937. The amended act, he said, moves the date for monthly benefits up two years to 1940 and makes it possible for a wage earner to qualify after he is 65 years old, even if he has already received a single cash settlement.

Beginning January 1, 1940, qualified annuitants will receive monthly benefits instead of the lump-sum payment provided under the present law.

"This means," said Mr. Dinwiddie, "that the age barrier to obtaining Federal retirement insurance has been removed. Even the man who was already 65 when the old-age insurance system was set up and who therefore has never been under the Federal program may now qualify for monthly benefits. To qualify for retirement insurance in 1940, it will be necessary for him to show that he has worked in six calendar quarters and received during each three-month period, at least $50 in wages and has retired."

Mr. Dinwiddie explained that if a man has already received a lump-sum it will be deducted from the monthly payments which will be paid to him.

Crop Outlook Encouraging

Apples and dried prunes excepted, fruit production on an upward trend is expected to continue for important fruits and nut trees of the United States. Domestic demand is expected to improve in 1940, but foreign demand will be hampered by the war. This is the opinion of agricultural economists of the Virginia Agricultural Extension Division.

An unsatisfactory export situation together with large supplies of various kinds of fruits in the United States and other countries are unfavorable factors in the apple-marketing situation, for the current season.

An upward trend in peach production is expected the next five years and there is danger that the industry in some areas is being over expanded.

The crops for 1938 and 1939 averaged about 11 per cent greater than the average for 1933-37. Large plantings have been made in recent years with little damage from drought or freezing since 1936. In areas where peaches are sold as fresh fruit, growers are generally optimistic. Under such conditions in the past, peach-tree plantings increased rapidly and were followed by excessive production, low prices, neglect of orchards, and losses to growers.

October estimates indicate about 197,000 acres of strawberries for picking in 1940. The indicted acreage is 2 per cent larger than the 1939 acreage harvested, 9 per cent above the 1928-37 average, and the largest since 1929. Should yields in 1940 be average, production would be somewhat smaller than in 1939, when per acre yield was 10 per cent above normal. Higher consumer incomes if 1940 should result in improved demand and slightly higher prices.

Extra Patrol on Duty To Prevent Hunting In Government Area

HEADS HOSPITAL DRIVE

Senator Charles T. Moses

Figures released by A. D. Kincaid Jr., superintendent of Southside Community Hospital, help to emphasize the importance of the hospital in Southside Virginia. These figures show the amount contributed by the counties of the district and the amount of free work done for these various counties, since January 1, 1936. Investigation shows that the relationship of contributions to free work done by the hospital in the years preceding 1936 are relatively the same as these later figures.

The total amounts of contributions for this four year period is $23,830.29, while the amount of free work done is $49,846.55. The amounts of contributions and free work for the past four years, for the area as a whole, are: contributions: 1936, $7,208.66; 1937 $6,328.68; 1938, $9,564.54; 1939 (as of November 1st) $6,728.41. Free work: 1936, $19,054.82; 1937 $9,424.04; 1937, $13,263.32; 1939- as of November 1st, $8,104.37. It will be noted that the free work does shows a much higher figure for 1936. This is due to the fact that in that year an accumulation of uncollected accounts was charged off the books of the hospital.

In the main, however, these amounts charged off represented work which had to be done, in many cases to save human lives, work which could be paid for only in part or not at all. The hospital has cared for indigent patients throughout the entire area, who, had they not received necessary hospitalization and medical care, might have become burdens to their respective communities.

In this period, free work done for Appomattox county amounts to a total of $723.49, whereas over the same years the total contributions from Appomattox county amount to only $190.25.

The hospital now has on a drive to raise $12,500, to make possible the erection of an additional building and payment of its indebtedness.

State Senator Chas. T. Moses is chairman of the drive for Appomattox county.

In a statement made today by State Forester P.C. Pederson, it was advised that with the technical assistance of the C. S. Forest Service, he is working on a forest management plan for the three State Forests in Appomattox, Buckingham, Cumberland and Prince Edward counties, that were recently turned over to the State Conservation Commission.

Before a comprehensive plan can be decided upon, a timber cruise will have to be made to determine the amount of marketable timber and young growing stock now in the three forest areas.

In working on a game management plan it was decided after talking with Mr. Carl Nolting, chairman of the Commission of Game and Inland Fisheries, that it would be advisable to close the three forests to all hunting and fishing this year.

Mr. Pederson has been promised the help and cooperation of Mr. Nolting's department, the Wildlife Division of the U. S. Forest Service and the Wildlife Department of the Shenandoah National Park to work up a game management plan, and it is hoped that with the combined efforts of these agencies a play will be worked out whereby these forests and lakes will furnish some of the best hunting and fishing in this part of the State. Work is progressing satisfactorily on these plans, which it will be completed and in operation in time to some of the lakes for fishing, and the Buckingham-Appomattox and Cumberland Forests to hunting next season.

It is hoped that the people will cooperate with the Virginia Forest Service and refrain from hunting this season, saving the present game as a foundation on which to build in future supply that under good management can be taken off the forests each year by good hunters.

Mr. J. E. Hayes has been appointed Forest Ranger for these Forests and the services of Mr. W. W. O'Brien, of Appomattox and Mr. H. G. Anderson, of Buckingham have been retained to help assist in partol duty this hunting season.
